Switch Edition. Academic Edition; HiCOMB 2019 : IEEE International Workshop on High ... High-performance computing (HPC) has become an integral part of research and development in bioinformatics, computational biology, and medical and health informatics. The goal of the HiCOMB workshop is to showcase novel HPC research and technologies to solve data- and compute-intensive problems ... Special Issue: Grid Computing, High Performance and ... BACKGROUND This special issue focuses on “advanced scheduling strategies and Grid programming environments”, and is based on selected papers from the 6th International Workshop on Middleware for Grid Computing (MGC 2008) and 2nd Latin American Grid (LAGrid 2008) workshop . List of computer science conferences - Wikipedia Conferences accepting a broad range of topics from theoretical computer science, including algorithms, data structures, computability, computational complexity, automata theory and formal languages: . FCT – International Symposium on Fundamentals of Computation Theory FOCS – IEEE Symposium on Foundations of Computer Science; ICALP – International Colloquium on Automata, Languages and ... High-Performance Grid and Cloud Computing Workshop The HPBC workshop is a forum for researchers and developers to present their work in high performance big data computing, cloud computing, and distributed computing. This workshop has evolved from the 11th high performance grid and cloud computing workshop, to reflect the increasing importance of big data processing.
