Forces of Change: An Unorthodox View of History by Henry ... Forces of Change is one. In this updated edition, Henry Hobhouse argues provocatively, and most convincingly, that modern history has been shaped less by the actions of human beings than by three natural forces: population growth, food supply, and disease. Forces of Change: An Unorthodox View of History Disease, famine and population growth are the history-shaping forces in this revised survey of the world since 1492. First published in 1989, the book's journalist author offers a model for understand Forces of History - Social Studies School Service When students put the pieces together in the form of a presentation, they can practice the skills of evidentiary reasoning and historical explanation and argument. As such, the Forces of History provide a powerful learning tool for students, which will ultimately serve and benefit them for the rest of their lives.
